

According to US Department of Education regulation related to professional licensure that went into effect July 1, 2020 [668.43(a)(5)(v) and 668.43(c), the School of Nursing must provide a list of where we have determined the curriculum meets licensure requirements.

The following table shows how University of Texas Permian Basin's School of Nursing meets the Texas Board of Nursing's administrative code for licensure by examination for graduates of nursing education programs [Title 22, Part 11, Chapter 217 (Rule §217.2)] requirements as they pertain to the baccalaureate degree.

File a complete application containing data required by the board attesting that all information contained in, or referenced by, the application is complete and accurate and is not false or misleading, and the required application processing fee which is not refundable.	Students complete their application and pay the fee prior to completion of their final semester in preparation for examination post-graduation.
Submit verification of completion of all requirements for graduation from an approved nursing education program, or certification from the nursing program director of completion of certificate/degree requirements.	The Dean of the School of Nursing submits an Affidavit of Graduation after students complete all requirements for completion of graduation.
Pass the NCLEX-RN (RN applicant)	
Graduate from a Texas nursing program according to the education standards to a Texas approved nursing program as defined below:	
The program is approved by a state board of nursing or other governmental entity to offer a pre-licensure professional nursing program of study that awards a nursing diploma or degree upon completion	University of Texas Permian Basin's School of Nursing is a Texas Board of Nursing approved CCNE accredited School of Nursing.
The program includes general education courses providing a sound foundation for nursing education for the level of preparation	Our Bachelor of Science in Nursing Includes courses in natural sciences, liberal arts, government, US history, psychology, creative arts, communication, and math, in addition to health science and nursing curriculum courses.
The program's nursing courses include didactic content and supervised clinical learning experiences in medical-surgical, maternal/child health, pediatrics, geriatrics, and mental health nursing that teach students to use a systematic approach to clinical decision-making and safe patient care across the life span	Our curriculum includes: Medical-Surgical I & II didactic courses with Medical-Surgical I & II Clinicals, Women's Health and Obstetric Nursing, Pediatric Nursing, and Geriatric Nursing didactic courses with a Family Health Clinical, and Mental Health Nursing with a Mental Health Nursing Clinical.
For baccalaureate degree nursing programs, nursing courses must also include didactic content and supervised clinical learning experiences, as appropriate, in community, research, and leadership	Our Curriculum includes: Multi-Cultural Community and Population Health Nursing didactic with a Multi-Cultural Community and population Health Nurse Clinical, Leadership: Interprofessional Collaboration didactic course with an Integrated Leadership Clinical, and a Research and Quality Improvement didactic course.
Submit fingerprints for a complete criminal background check	Fingerprints and criminal background checks are required prior to admission to our program.
Pass the jurisprudence exam approved by the board, effective September 1, 2008.	The Texas Nursing Jurisprudence content is covered, and students have the option to take the exam during their final semester.
