

Degree Map for the Bachelor of Arts (B.A.) in Psychology Program at UTPB (On-Ground and Online)

This is a template of a plan to be used by advisors in consultation with their students. It is intended to be used as a tool for visualizing a student's academic path within the major, and will include both major and college general education requirements for graduation. Students are responsible for reviewing and tracking their own progress toward degree requirements, and should regularly consult their Degree Progress Report and meet with their academic advisor to ensure they are fulfilling all requirements in a timely fashion.

For students interested in PSYC 4394, Senior Honors Thesis:

- A grade of B or higher in PSYC 3304 and approval from a Psychology faculty mentor are required for enrollment.
- Students should secure a Psychology faculty mentor who agrees to supervise their senior honors theses no later than the end of Year 3 (Semester 6).
- As PSYC 4393 involves conducting a research study and presenting the findings, students are strongly encouraged to begin their thesis work at least one semester prior to their expected graduation term.

Students interested in Psychology graduate program should consider enrolling in the following courses:

- Clinical Psychology Track: PSYC 3321 and 4351
- Experimental Psychology Track at UTPB: PSYC 3311, 3344, 4304, 4307, 4311, and 4351
